

Stop-Stick® Terminator

Stop pursuits before they start

Product Details:

Reliable and reusable. The individual cartridges can be exchanged after successful use.

Originally developed for the US Customs Service, the Terminator® provides additional control at checkpoints, security areas, traffic stops, alcohol inspections, surveillance, drug raids, arrest warrants and other situations.

Reliable and reusable. The individual cartridges can be exchanged after successful use.

To secure vehicles - Terminator® can also be thrown directly in front of a (moving) vehicle depending on the situation. The double-sided rollover caps ensure that the Terminator® comes to rest on the correct side.

Safe:

Stop pursuits before they start, saving lives and reducing property damage. The plastic housing ensures user safety during use. Each cartridge contains a quill that acts as air valve, releasing air at a safe, controlled rate. No debris is left on the road.

Versatile:

Flattens tires on virtually all vehicles, including cars, buses and semi-trucks. Weatherproof, and durable. Works on almost all surfaces
